Meanwhile, nearly every business sector relies less and less on manual labor, and that means a steady, secure life somewhere in the middle—average—is over. In *Average Is Over*, Cowen lays out how the new economy works and identifies what workers and entrepreneurs young and old must do to thrive in this radically

~~Average Is Over : NPR~~

Average is over is the

catchphrase of our

age, and it is likely to

apply all the more to

our future. This maxim

will apply to the quality

of your job, to your

earnings, to where you

live, to your education

and to the education of

your children, and

maybe even to your

most intimate

relationships.
