Education in the United States of America is provided in public, private, and home schools. State governments set overall educational standards, often mandate standardized tests for K-12 public school systems and supervise, usually through a board of regents, state colleges, and universities. The bulk of the \$1.3 trillion in funding comes from state and local governments, with federal ...

("Other" was the second most common response, with over 25%. We hope to learn more about these treatments by working with the POTS community in the future.) As physicians, we don't feel comfortable endorsing medication as the single best treatment, because there's so much variation from patient to patient.
