~~How to Make a Shadow Board for Your Tools: 4 Steps~~

The use of the tool board concept provides a visual standard for tool and workplace management. Our Shadow Board Tape comes in a variety of colors. The use of this shadow tape speeds up daily 5S activities, increases productivity, and improves overall workspace organization standards.

~~Custom Wall Mount and Mobile Tool Shadow Boards | The 5S Store~~

Create a shadow board in four simple steps to increase tool organization: Roll out the shadow board tape with the white backside facing up. Lay all your tools out onto the white backing in an organized way that makes sense for your business. For instance, if you would like to keep all the hammers in one area, design for that.

~~Shadow Board Tool Tray Products - Got FOD?~~

We design and produce to a high standard fully bespoke Tool Shadow Boards, Cleaning Stations, and Informational & Organisation Boards. We offer unlimited design revisions incorporating specific shadow requirements, text, logos, colours and branding so you get a bespoke Shadow/Production Board that makes your workplace more efficient and profitable.

~~Tool Outline Vinyl / Shadow Board Tape~~

A Shadow Board is a visual representation of a tool board that houses lockout tagout devices on your premises. LockoutSafety.com can customise your Shadow Board appropriate to your lockout tagout process and devices.
