Slick 2gb Mp3 player for \$10

U can format it either via windows or via the formatting program that you got with the Mp3 player. But be aware that once you format using windows its highly possible that the size will decrease. The only safe way to do it is to use the formatting utility that came with the USB...even if the version is wrong there is a possibility of loosing space.

I've lost count of how many iPods I have here in the office, but it's at least a dozen of various sizes, shapes, and technologies, ranging from a first generation mini-hard drive unit with a firewire connector to the very latest Classic (that's an odd expression, isn't it?) In addition, I'm a big fan of my Apple iPhone, which among many other great features, is a splendid iPod in its own right ...
