If I could give this a
3.5, I probably would.

This is the second

The Grimm Chronicles, Volume 2 is an exciting and fast-paced story that proposes knowledge can lead to adventures and solutions to problems. I can't think of any reader who would argue with that.

Vol. 2 is a timeless read. It's a meaningful adventure full of suspense, mystery, some horror and gore, but also laughs and a little romance. It's the Grimm's Fairy Tales meets The Princess Bride meets Pirates of the Caribbean.
