How To open .Untitled file

Documents. A blank, untitled document will open. To give your document a title, simply click on the word "Untitled document" at the top left (above the menu bar and next to the Google Docs logo). This will bring up a new box that will allow you to change the title. Type in the title for your document and click OKAY.

Google Docs

I could not find and restore the untitled "auto saved" document as a single file. I had to reboot the computer off of the OS X install cd, go to Utilities and do a "restore from time machine backup." It erased my hard drive and did a full clean restore of my system as it was a few hours after I created the document.
